Professional Summary

Computer Science & Engineering graduate with hands-on experience in **Microsoft Excel, Power Query, Power BI, SQL, Python, and Pandas** for data cleaning, analysis, dashboard development, and MIS reporting. Experienced in developing interactive dashboards, automating recurring reports, and managing employee data using **MySQL**. Strong foundation in data analysis, KPI reporting, database design, and reporting automation, seeking an entry-level **Data Analyst / MIS Analyst / Reporting Analyst** opportunity.

Technical Skills

Data Analytics: Excel, Power Query, Power BI, Data Cleaning, Data Analysis, MIS Reporting

Excel: Pivot Tables, Pivot Charts, XLOOKUP, VLOOKUP, INDEX-MATCH, SUMIFS, COUNTIFS, IF, Nested IF

Power BI: Power Query, DAX, Data Modeling, KPI Dashboards, Interactive Reports, Data Visualization

Programming: Python, Pandas, NumPy

Database: PostgreSQL, MySQL, SQL Queries, Database Design, Relational Databases, Normalization

Tools: Git, GitHub, VS Code, Google Sheets, MS Word, MS PowerPoint

Internship Experience

Kakrapar Atomic Power Station (KAPS), NPCIL

Jan 2026 – Mar 2026

Web Development Intern

Gujarat, India

Human Resource Management System [GitHub]

- Independently designed and developed a **Human Resource Management System (HRMS)** for employee information and administrative data management.
- Developed backend functionality using **PHP and MySQL** to manage and retrieve employee information.
- Designed **relational database structures** for efficient storage, organization, and retrieval of employee data.
- Developed employee record management and administrative modules for structured handling of HR-related information.
- Performed testing, debugging, and optimization to improve system reliability and application performance.

Data Analytics Projects

Sales Dashboard — Microsoft Power BI

[GitHub]

- Developed an interactive **Power BI sales dashboard** to analyze sales, orders, quantity, discounts, regional performance, and product-level trends.
- Cleaned and transformed raw sales data using **Power Query** and structured the data for dashboard reporting.
- Created **DAX measures, KPI cards, and interactive visualizations** to monitor key sales metrics and business performance.
- Implemented interactive slicers and filters for **region, salesperson, category, product, month, and date range** to support detailed analysis.

Employee Attendance MIS — Microsoft Excel

[GitHub]

- Developed an interactive employee dashboard using **Microsoft Excel** for structured MIS reporting and analysis.
- Used **Power Query, Pivot Tables, and Excel formulas** for data cleaning, transformation, calculations, and reporting.
- Created **KPI-based reports and visualizations** to support employee data monitoring and business reporting.
- Organized the Excel reporting workflow to improve reporting consistency and reduce repetitive manual work.

Certifications

- Microsoft Excel Beginners to Advance Course
- Microsoft Excel with A.I. Masterclass
- Deloitte Data Analytics Job Simulation — Forage
- SQL Micro Course
- Power BI Micro Course

Education

Bachelor of Engineering — Computer Science & Engineering

R.N.G. Patel Institute of Technology, Bardoli

2022 – 2026

Gujarat Technological University

CGPA: 8.24/10

Higher Secondary Certificate — HSC, Science (PCM)

Gujarat Secondary & Higher Secondary Education Board

2021 – 2022

Percentage: 64%

Secondary School Certificate — SSC

Gujarat Secondary & Higher Secondary Education Board

2019 – 2020

Percentage: 77%

Languages

Gujarati, Hindi, English
